

Advertisement for Project Staff Positions at ARAVIND MEDICAL RESEARCH FOUNDATION

The Aravind Medical Research Foundation (AMRF), Madurai, is the research arm of the Aravind Eye Care System. AMRF is committed to advancing scientific knowledge through cutting-edge basic and translational research in vision science. Scholars at AMRF can register for Ph.D. under collaborating universities and work in various fields, including biomedical sciences, molecular biology, biotechnology, microbiology and bioinformatics. For more details, visit www.amrf.org.in.

Applications are invited from eligible candidates for the following temporary positions under the Project titled “Human Corneal Epithelial Cell-Derived Extracellular Vesicle MicroRNAs Regulate Virulence of Multidrug-Resistant *Pseudomonas aeruginosa* and Modulate Immune Cell Responses”, funded by the ICMR, for four years. This project investigates how human corneal epithelial cell-derived extracellular vesicle microRNAs regulate virulence in multidrug resistant *Pseudomonas aeruginosa* and influence host immune responses.

Number of Positions: Three

Minimum Essential Qualification:

- PG degree in Life Sciences or a three-year graduate degree in Life Sciences + three Years post qualification experience

Desirable: Prior experience in Molecular Biology/Microbiology/EV biology

Fellowship: Rs. 28,000 + 20% HRA=Rs. 33,600 /- PM

How to Apply:

Interested candidates should submit their application through the Google Form available [here](#)

Last Date for Submission of Application: **18th September, 2026**

General Instructions:

- Shortlisted candidates will be informed via e-mail regarding the date and mode of the interview.
- Candidates should bring copies of educational qualifications, original mark sheets of all examinations, certificates of research experience, project dissertations, and other relevant documents.
- Candidates must bring the original UGC/CSIR/GATE/BET certificate (if applicable) for verification.
- No TA/DA will be paid for attending the interview.
